

Does abigail die in the haunting of hill house

There are many eerie ghosts on "The Haunting of Hill House." Netflix's "The Haunting of Hill House" debuted in 2018, but viewers may still have some questions. Although the show centers on the Crain family as they struggle with grief, the true mystery is around the supernatural beings terrorizing them in their home. If all the jump scares and lingering dark figures left you with more questions than answers, we're here to help fill in some of the gaps. Read on to see who's still lurking in Hill House." Disclosure: Mathias Döpfner, CEO of Business Insider's parent company, Axel Springer, is a Netflix board member. An icon in the shape of a lightning bolt. Keep reading More: Feetlancer The Haunting of Hill House ghosts It indicates an expandable section or menu, or sometimes previous / next navigation options. rat poison In one of The Haunting Of Hill House's darkest scenes she brings Luke, his twin sister Nell, and Abigail for a tea party in the Red Room - with the tea spiked with rat poison. Hugh arrives in time to save Luke and Nell, but Abigail drinks the poison and dies. Was Abigail isn't actually one of them. The reveal comes at the end of the series, turning reality on its head again. ... The main 'ghost' is a little girl called Abigail (Olive Elise Abercrombie), but it turns out she isn't a ghost, she's the daughter of the house's caretakers, The Dudleys. The house tricked Luke's mother Olivia (Carla Gugino) into believing that killing Luke and Nell (Violet McGraw) would "wake" them. She holds a tea party and attempts to poison the children in the Red Room with poison. Who is Abigail's mom in The Haunting of Hill House? Abigail is the daughter of Horace and Clara Dudley. Her parents predominantly keep her at home and do not want her at Hill House. Does Luke die in The Haunting of Hill House? He actually did die (after seemingly injecting himself with rat poison) but, depending on how you look at it, Luke was either: a) resuscitated by Steve, Shirley and Theo. b) in his dead state, was told to leave the Red Room by his twin (there with his mother and Abigail), and willed himself back to life. What happens to Abigail in The Haunting of Hill House? Abigail's ghost is trapped in Hill House and when the Dudleys realise what happened they make sure Hugh doesn't get rid of the house at it again. Who is real in The Haunting of Hill House? Throughout the series' flashbacks, young Luke remains adamant that his friend Abigail, who lives in the woods near Hill House, is real. Hugh insists that Abigail is made up, but the audience has little reason to doubt Luke. Who are the Dudleys in The Haunting of Hill House? Mr. and Mrs. Dudley are the creepy caretakers at Hill House and it's revealed that they homeschool Abigail for fear of losing another child. Abigail, however, is "good at sneaking out" and hangs out with Luke in the woods. Who is Abigail attends a tea party in the red room with Luke, Nell, and their mother Olivia Crain. The subjects of Mike Flanagan's flawless Netflix horror series, The Haunting of Hill House, are largely the Crains. The focus is on the Crain siblings, the Crain parents, and what happened as a result of one fateful night at Hill House. Yet, the show deftly shrouds the story in the mystery of what exactly transpired on that evening. Eventually, it's revealed that Abigail is not the most fleshed-out character in the series, she is one of the most consequential. Just as every frame of Hill House was tinged with hidden details, so too was the characterization of Abigail. 10 The Edge Of The Woods When discussing the show with Thrillist, creator Mike Flanagan remarked about the character of Abigail. Since she isn't seen until the late episode, "Screaming Meemies," many wondered about where she was whenever Luke spoke of her. As Flanagan explained to those who didn't know, Abigail was mostly seen at the edge of the woods. Only Luke noticed her, of course, but her visitation was frequently limited to just this spot, as she was curious about the outside world. Abigail didn't come in the house before that night in question. 9 A First Appearance Abigail's role in the series is decidedly understated, but the impact of her appearance is highly felt. Her eventual death by way of Olivia's rat poison-infused tea was a shudder-worthy moment with haunting images. This is largely because it was played to perfection by the actor, Olive Elise Abercrombie. Not to mention, Hill House was Abercrombie's first-ever non-short film acting appearance. Her next turn will be in a Bruce Willis movie, Midnight in the Switchgrass, but everything one sees from Abigail is the work of a child actor in her first major role. 8 Pale Skin Notably, when Abigail turns up on Hill House, her skin is ghostly white. The deathly white aura which radiates across Abigail's skin is no coincidence, though; there's a genuine story reason for her paleness. It's hard to fully know during a first watch of the series with so much going on, but Abigail's parents, the caretaker Dudleys, shielded Abigail from Hill House and, by extension, from the outside world. Her skin is pale because she so rarely is permitted outside. 7 Antiquity Of Appearance In addition to Abigail's pale skin, she is often dressed in clothes that wouldn't seem out of place in portraits hanging on the walls of mansions from the 1800s. The antiquity is another element of Abigail's inability to take part in the outside world. Considering that she is limited to her home and doesn't ever get any sun, she also doesn't get any sense of fashion or modernity or of a world that exists separate from her isolation. Her clothes mimic the "stuck-in-time" nature of her parents, and this was pointedly intentional. 6 The Misdirect Of course, the old wardrobe and pale skin adorned by Abigail are both parts of a larger aspect of the series, too. Ever the clever creator, Flanagan deliberately depicted Abigail in this way so as to provide a misdirect to the audience. Considering the series is populated by myriad ghosts, it's hard not to see Abigail as yet another ghost, albeit a friendly one whom Luke cozies up to as a young pal. However, the reveal of Abigail as a real girl who becomes a ghost instead is a subversive one. This misdirect, audiences may be surprised to know, was also intentional. 5 Mythological Ties To Fate What's additionally a pointed piece of inclusion for the story of Abigail's character on The Haunting Hill House is the fact that her arc mirrors those of characters in old mythology who tried to avoid their fates. Fate is often depicted as inescapable in mythology, and Abigail was crafted with this trope in mind. Her parents try to shield her from Hill House, but, in so doing, they lead to her inadvertent death in that very home. that it can be hard to fully grasp all the moving pieces the first go around. One hidden detail that's hardly noticed until perhaps the third or fourth go-around, though, is the reaction of the Dudleys to the death of Abigail. In a sense, they seem almost relieved when they learn that her dead body has actually turned into a ghost instead. No more need to protect her from going outside, no more worry that she'll grow old and cynical. She's entombed in Hill House as an eternal child. It's incredibly dark, but her parents are truly relieved at her death more than anything else. 3 What Steve saw on that tumultuous night at Hill House. When he spots his mother glancing at the Crain children from the window, though, it's marred by the quick glimpses others have of Abigail's body and ghost. Additionally, Luke screams about Abigail, distracting the other children further. character was used to sow discordance among the children for the rest of their lives. It's hard to see this the first time, but Abigail was consequential in more than just a story manner. 2 Sleeping In A Room With Nell Not every sibling thought Luke was lying about Abigail being a real girl, though. After all, he shared "the twin thing" with his sister, Nell. Nell always believed in the best of her siblings. Likewise, she trusted that Abigail's easily forgotten that Nell received confirmation of Abigail's existence, considering they slept in the same room. Abigail's realness was believed only by Luke and Nell, in spite of their parents working with Abigail's parents. It's another tragic element of her story that is easily missed. 1 Ignored By Luke Lastly, Abigail's story is largely concluded when her parents go to absurd lengths to keep her in their lives. However, she also plays an important role in the conclusion of Luke's arc. In Luke's vision in the finale of Hill House, he returns to the tea table in the Red Room where his mother once tried to poison him and Nell and successfully killed Abigail. Yet, when he arrives there, he doesn't pay Abigail any mind and focuses only on his mother and the young version of Nell. This is a quick, hidden detail that shows Luke represed his memories of Abigail because of how traumatic that night was. Her character is filled with unknown details, but she also majorly impacted the others in unforeseen ways.
